

	NAMES	ROLL NO.	SEMINAR TOPICS
1	AAVISH	2018/301	datatypes in java(with examples)
2	ABHINANDAN	302	constructor chaining in java
3	ABHINAV	303	objects and classes(with even odd program)
4	ADITYA	305	Method overriding & diff between method overloading nd method overriding(with examples)
5	AMAN KONDAL	307	fundamental concepts of oops&diff between oops nd pop
6	AMANDEEP SINGH	308	if else statements(with examples)
7	AMARJOT SINGH	310	objects and classes(with prime no. program)
8	ANKUSH	311	Type casting in java(with examples)
9	ASHMEET SANDHU	312	Inheritance and its types(with examples)
10	ASHUTOSH	313	Method overloading and method overriding
11	BHAVIKA GARG	314	interfaces in java& diff between interface and abstract class(with examples)
12	DEEPAK MITTAL	316	exception handling(using finally , throw ,throws with examples)
13	DILJOT SINGH	317	loops in java(with examples)
14	DILJOT SINGH	318	loops in java(with examples)
15	DIVYA	319	objects and classes(with prime no. program)
16	EKNOOR KAUR	320	Abstract class in java& diff between interface and abstract class(with examples)
17	EKNOOR SINGH	321	loops in java(with examples)
18	GAGANJOT KAUR	323	Inheritance and its types(with examples)
19	GUNEET SINGH	324	Method overloading and method overriding(with examples)
20	GURBHAJNEET	325	Inheritance and its types(with examples)
21	GURKANWALJEET	327	operators in java(with examples)
22	GURPARTEEK	330	Scanner class in java(with examples)
23	GURPREET KAUR	331	Abstract class in java& diff between interface and abstract class(with examples)
24	GURSIMRAN SINGH	332	fundamental concepts of oops&diff between oops nd pop
25	HARMANPREET	334	operators in java(with examples)
26	HARSHIL	335	exception handling in java(using try catch and finally with examples)
27	HEMANG SHARMA	336	Method overriding & diff between method overloading nd method overriding(with examples)
28	HEMANT KUMAR	337	fundamental concepts of oops&diff between oops nd pop
29	INDERJEET	338	Type casting in java(with examples)
30	INDERVEER	339	Access specifiers in java
31	ISHA	340	Type casting in java(with examples)
32	ISHITA	341	interfaces in java& diff between interface and abstract class(with examples)
33	ISHPREET SINGH	342	if else statements(with examples)
34	JASHAN	345	fundamental concepts of oops&diff between oops nd pop
35	JASMINE KAUR	346	Constructor chaining in java
36	JASPREET SINGH	348	Constructor in java(with examples)
37	JASPREET SINGH	349	Creation and accessing class members
38	JEET KUMAR	350	exception handling in java(using try catch and finally with examples)
39	KVNRS CHAITANYA	351	exception handling(using finally , throw ,throws with

			examples)
40	KABIR SHARMA	352	Access specifiers in java
41	KARANVEER	353	operators in java(with examples)
42	KARANVIR	354	Inheritance and its types(with examples)
43	KESHAV BATHLA	355	Abstract class in java& diff between interface and abstract class(with examples)
44	KUNWARPARTAP	357	interfaces in java& diff between interface and abstract class(with examples)
45	AMANJOTKAUR	431	Constructor in java(with examples)
46	ANMOLPREET	432	datatypes in java(with examples)
47	GANSHAM	434	objects and classes(even odd program)
48	HARSHIT SHARMA	435	fundamental concepts of oops&diff between oops nd pop
49	HARSIMRAN SINGH	436	Constructor in java(with examples)
50	HARSIMRAN SINGH	437	Method overriding & diff between method overloading nd method overriding(with examples)
51	JAGDEEP SINGH	438	Method overloading(with examples)
52	PUNEET INDER	445	Creation and accessing class members
53	SASMITA	448	Access specifiers in java
